SECTION 2, SUBJECT INDEX

This subject index follows the format of the National Library of Medicine's *Index Medicus*. Headings have been added.

Entries take this form: volume and number, senior author, first page of article. For example, 38:10 Johnson (1447) refers to the article "Cross-Cultural Sources of Measurement Error in Substance Use Surveys" by T. P. Johnson and P. J. Bowman, found in issue 10 of this volume beginning on page 1447. From this section of the index, reference can be made to Section 1 for the full title and authors of a particular article.

All original contributions to *Substance Use & Misuse*, volume 38, are included.
